Responses	Human-graded responses	Active criteria with selected candidates

Alignment based on 5 human-graded responses; 1 ungraded. Human grades are optional for the remaining outputs and are distinct from unknown evaluator verdicts.

Prompt and model provenance

```
Redesign the Kodak logo for a contemporary digital age.

Design goals:
- Modern, clean, minimalistic visual appearance
- Maintain recognizable connections to Kodak's heritage
- Incorporate red and yellow into the identity
- Suitable for digital applications and app icons
- Visually balanced, distinctive, and legible

Technical requirements:
- Generate a complete, standalone SVG
- Include a viewBox
- Use vector elements only
- No external images, fonts, or dependencies
- The design should remain recognizable at small sizes
```

callback, not just generic use of red and yellow.
